Title: *Our School Takes Part in The Big Legal Lesson 2026*

Today, pupils across the school took part in **The Big Legal Lesson 2026**, a national initiative created by **Young Citizens** to help young people understand the law, develop essential life skills and gain confidence in how democracy works.

Throughout the day, pupils explored topics such as rights and responsibilities, how laws are created and why the rule of law matters in everyday life. They took part in interactive discussions designed to build communication, critical thinking and teamwork skills - all whilst discovering the fundamental British value of the rule of law.

The campaign also supports wider citizenship education by helping children recognise the role they can play in shaping their communities and understanding how their voices contribute to a healthy democracy. We are proud of how engaged, thoughtful and enthusiastic our pupils were during the activities, and we look forward to continuing these important conversations throughout the year.
